Sub: Application for the post of Software Engineer.

Dear Hiring Manager,

My name is **Mithun Rahman**, and I am a fresh graduate in Computer Science and Engineering from Khulna University. I am writing to express my interest in the **Software Engineer** position with **TigerIT** that you advertised on **LinkedIn**. I have been following your company's work via your website and news articles, and it has long been my dream to work with you.

Along with good communication skills, I have excellent critical thinking and problem-solving skills. I also have a strong aptitude for object oriented programming, and I am proficient data structures and algorithms. In addition, I exhibited high level commitment during my academics through which I can excel in a job. I keep expanding my knowledge base with my interactions with industry professionals.

One of the reasons I want to work with **TigerIT** is because of your long history of integrity and innovation and your reach in a variety of sectors like Biometrics, Civil Registry, Personalization, Vehicle Solutions. With my passion for learning and hard work, I feel that I will be an asset to your company. I would be happy to discuss more in an interview at your convenience, and I hope to hear back from you via email or phone.

Thank you for taking the time to consider my application.

Your Sincerly,

Mithun Rahman
